March 31, 2018

Dear Colleagues,

In order to improve the quality of international publication in research and learning of physics in Indonesia, Department of Physics, Magister Program of Physics, and Magister Program of Physics Education, Faculty of Mathematics and Natural Sciences Universitas Negeri Padang (FMNS UNP), Indonesia, in conjunction with Department of Physics, Faculty of Sciences and Mathematics Universiti Pendidikan Sultan Idris (FSM UPSI), Malaysia, will host **the 2018 International Conference on Research and Learning of Physics (ICRLP 2018)** at Univeritas Negeri Padang, Padang City, Indonesia on August 9-10, 2018 with a theme of "Innovative research and creative learning of physics for improving a competitive and dignified nation". Selected papers will be considered for publication in reputable international journals or accredited national journals.

In that regard, we kindly ask for your favor to spread this information to your colleagues, academicians, researchers, professionals, practitioners, observers, teachers and students, so that they will be able to participate by submitting their current research in physics and learning of physics topics as well as other related topics to ICRLP 2018. The article can be submitted via website <http://icrlp.fmipa.unp.ac.id/>. The latest date for abstract submission is May 20, 2018.

Thank you in advance for your attention and cooperation. We would highly appreciate the time and effort you make to spread this information.

Sincerely,

General Chair

INTRODUCTION

Today, the quality of university graduates in Indonesia is still low meanwhile the university also acts as the guardian of national identity. Therefore, a continuous effort is needed in improving the quality of graduates which will ultimately enhance the competitiveness and identity of the nation. Department of Physics, Postgraduate of Physics Education and Postgraduate of Physics, Faculty of Mathematics and Natural Science, Universitas Negeri Padang, Indonesia in collaboration with Department of Physics, Faculty of Science and Mathematics, Universiti Pendidikan Sultan Idris (UPS) Malaysia respond to this problem by hosting the 2018 International Conference on Research and Learning of Physics (ICRLP 2018) in conjunction with "Seminar Nasional Riset dan Pembelajaran Fisika V (SNRPF V)". This conference is expected to become a forum to discuss strategic issues in related fields. The two-day conference is expected to build cooperation between academics, researchers and institutions at both national and international levels.

CALL FOR PAPERS

We invite colleagues, academics, researchers, professionals, practitioners, observers, teachers, and students to submit research results in physics and learning of physics to ICRLP 2018. The papers include Title and Abstract, Keywords, Author 1, Author 2, more Author, First name, Last name, Country, Organization or Affiliation, Web pages and Corresponding Author

PUBLICATION

The publication team will select every incoming article. Papers that are eligible to be published to a reputable International Journal or accredited National Journal or the Journal of Physics: Conference Series are selected by the editorial team. Papers that are not above criteria will be published in a separate proceeding
